

Helpful Hints to Understand & Complete the Forms!

On the Dues Statement

- Membership Category - Make sure we have the correct # of sites and dues amount. (Join at the level for the number of RV sites operational when you join.)
- 'Direct Link' to your website from the state association website's Search Results page – normally \$75.00 per year, this feature on the state association site is your best value option and is **INCLUDED for all new members!**
- **As a New Member, include the \$50.00 first time set up fee.**
- Also, as a new member you receive the Enhanced Listing free in next year's TEXAS guide; \$995.00 value. Please provide us with a photo and slogan. (This is for the printed guide.)
- Additional Reference Listings under Other City categories in the guide – \$100.00 per additional city / area listing – write the city or cities on the line provided and again on the Listing Forms (This is for the printed guide.) This *optional* service is a good idea to use this option if your park is in a small town, but near a larger city.

Contact Park Information Page (All info is kept confidential!)

- Give us your current email address. Email is our primary communication for monthly member updates and notifications regarding natural disasters (like hurricanes), legislative alerts (asking members to contact their legislators), and public relations campaigns (to promote your park).
- This form provides critical information regarding park ownership, management, discounts, additional newsletter mailings, shipping address (for TACO guides), etc.
- Also, please include the county your business is in. This allows TACO to notify you of emergency alerts plus legislative or legal efforts in your county.

Guide Listing Forms To see the online version of the TACO guide go to:

www.texascampgrounds.com/free-camping-guide/ (This will be for the 2025 printed Guide.)

- In Section I – Use the box to provide a map (You can Google your property; zoom out to nearby highways; screen shot or print, scan & e-mail to rhodes@texascampgrounds.com.) Our artist will create the map.
- In Section II – Be sure to include your email address. Use the 360-character listing grid to really sell your park benefits – don't waste a lot of space duplicating items already on the Services & Facilities list. Optionally, you can create a word doc and count the characters and attach it. Also, if you are giving us additional cities or areas for a Reference Listing to appear, be sure to add \$75 per city / area Reference Listing on the Dues Statement.
- In Section III – Check the Texas Saver Card discount program that applies to your park.
 - Note: Choose a Red Star to honor a 10% discount on daily rates or No Star means no discount given
- In Section IV – Make sure you have all the Services & Facilities marked that apply to your park. Please note these items cannot be changed – check mark the facilities at your park.

Website Listing Forms – When you complete the form(s) we can get your campground listing up on

TexasCampgrounds.com and or TexasGlampingResorts.com.

This may be your customers' first or only impression of your park!

- Information provided on web listing form is included on your park's listing on TexasCampgrounds.com.
- The listing write up should be approximately 400 characters. This can be the same as your listing for the printed TACO guide or it can be different.
- Amenities – be sure to mark each amenity your park provides; if you have others not on the list, you can include them in your park description.
- Be sure to add area attractions, as the site is searchable by attractions and will list your park as nearby.
- Email up to six photos as jpeg or pdf file as an attachment to go with your listing rhodes@texascampgrounds.com.
- If you have cabins or glamping accommodations, please fill in the TexasGlampingResorts.com Information form and email up to ten photos as attachments to rhodes@texascampgrounds.com
